SUMMARY

Motivated game programmer with hands-on experience in both Unity and Unreal Engine. Always try to learn and apply new skills throughout the projects involved. Looking for an internship to fulfill graduation requirements.

EDUCATION

Bachelor of Game Development (Honours)

University of Wollongong Malaysia Jan 2023 – present

Foundation Studies

University of Wollongong Malaysia Jan 2022 - Dec 2022

PROJECTS

Workshop of Wishes (Unreal Engine 5.5)

University Group Project Jan 2025 – Sep 2025

- Mainly coded in C++.
- Implemented a completely linear event system with chapter selection support.
- Assisted artists with shader-related implementations.
- Implemented custom tools with ProjectEditor module.

Infamy (Unity)

University Group Project Jan 2024 – April 2024

- Implemented all gameplay mechanics, including minigames and a linear tutorial.
- Implemented a wardrobe system featuring sprites swapping for selected body parts.
